Pontreil, Sept 27

[1858]

My dear Gray

As the enclosed have been some time on its travels I thought you might like to receive it in town and enclose it. If not inconvenient would you kindly ask at 21 Regent Street whether there is anything there for me - probably a small parcel with the new ~~the~~ *Illustrated Magazine* & *Journal* & -

I do not know whether I mentioned that coming by the Express train you will be here by about half

part five - in very good
time for dinner - we dine
at the part 6 - and if we do not
hear to the contrary expect
you on Tuesday - I only hope
Mr Gray will not find this
retired place dull.

Yours very sincerely
George Bentham
